

Introducing the HealthCare Profession Benefits Trust

AMA INSURANCE

A program developed exclusively for healthcare professionals and their employees consistently providing annual savings of 25% or more!

Offered through Alliant Employee Benefits, a strategic marketing partner of AMA insurance, this program is designed to address many of the employer benefit needs specific to the physician and healthcare provider marketplace. Program highlights include:

- Data Analysis & Plan Assessment
- Comprehensive Plan Design
- Account Management & Compliance
- Benefit Advocacy & Communication

Taking cost out of the system is essential. With few new sources of revenue the healthcare industry must curb costs. Through the Healthcare Profession Benefits Trust, Alliant may help you:

- Dramatically reduce spend
- Address physician disability underinsurance
- Enhance plan design and simplify administration
- Add resources around absence / leave management and return to work strategies
- Provide unparalleled compliance resource support

Through scale, expertise and Alliant's dedicated underwriting and service teams, the Healthcare Profession Benefits Trust can provide an average annual savings **of 25% or more** with extended rate guarantees, excellent support and continued innovation.

About Alliant:

Alliant Employee Benefits provides a full spectrum of risk management and employee benefits consulting to over 20,000 employers nationwide. And through a strategic marketing relationship with AMA Insurance, Alliant now offers a unique program to America's physicians, their practices, health care employer groups and hospitals – called The HealthCare Profession Benefits Trust.
